You can not get well until you can quit catching cold three or four times every season. One cold sets you back more than you can gain in six months.

Peruna will fortify your system against colds.

**LISTEN**—Mrs. Rosa A. Kiss, of Kansas City (318 Clinton Place), says: "I can cheerfully recommend Peruna to any one who is troubled with catching cold frequently. Peruna is the remedy for any one who has a chronic cough or chronic catarrh. It will break up the habit of catching cold."

The Late Rev. J. G. W. Herold.  
A Torrington correspondent writes: The funeral of Rev. Joseph George Washington Herold, who died at St. Joseph's hospital in Willimantic Sunday last, was held Tuesday afternoon at 2 o'clock at the Hebron Congregational church. Burial was in the Hebron Episcopal cemetery.

For the past five years he had been pastor of the Hebron and Gilead Congregational churches. He suffered from Bright's disease and had been at the hospital under treatment for a period of eight weeks. Rev. Mr. Herold was a native of Pennsylvania. Previous to going to Hebron he was pastor of the Congregational church at North Madison, this state. He was a man much beloved. Indication of this was evident during his confinement in the hospital in Willimantic, many people from Hebron and Gilead visiting him at the institution.

He was 58 years old and besides his widow leaves three sons, Joseph of Westerly, E. L. of Torrington, who conducts a blacksmith shop in that place, and William, who is a student at Mt. Hermon school in Northfield, Mass. Previous to eight years ago, for over five years, he had been pastor of the Congregational church in Torrington. He was affiliated with the Odd Fellows and with the Free Masons. Before coming to Torrington he had lived in the west.

The first balloon ascension took place in 1788.

"QUIT JOSHING," SAYS LITTLE MISS TUMULTY TO PRESIDENT WILSON

Washington, April 6.—President Wilson has been accused by a little lady of "joshing." The accusation came from a young woman whom the president called up by telephone to congratulate her on her birthday.

"This is President Wilson," said the chief executive. "I want to congratulate you."

"You can't fool me," giggled the girl; "you can't fool me."

"But, really it is," insisted the president, somewhat shocked. "I hope you do not object to my calling you up."

"Ah, go on," was the answer.

And the receivers of both ends might have been hung up right there had not the father of the young woman, Joseph P. Tumulty, secretary of the president, explained that it was really Mr. Wilson.

Little Miss Tumulty was observing her thirteenth birthday, and the president had interrupted her just as she was about to put a new doll to bed.

## GOLD DUST

—it actually works at hundreds of tasks daily

"Let the Gold Dust Twins do your work" is much more than a popular phrase. It is based on truth, an actuality, for Gold Dust really works.

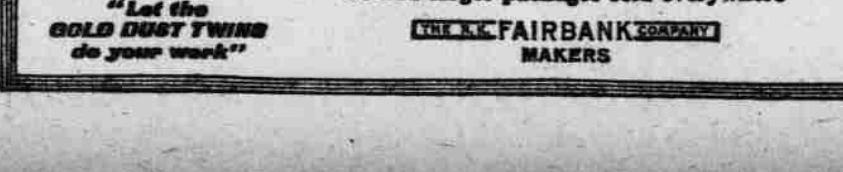

The actions of women who use it for dish washing and scrubbing know this. But Gold Dust should be used for cleaning and brightening everything.

It is the only washing and cleaning powder needed in any home.

The small quantity required is quickly taken up by hot or cold, hard or soft water—forming a perfect cleaning solution. The valuable antiseptic cleaning agent it contains helps to make things sanitariously clean, as well as bright and new-looking.
